In re Application of :
Yoshida et al. :
Application No. 10/553,798 :
Filed: October 18, 2005 :
Attorney Docket No. 07580.0008 :

**DECISION ON APPLICATION
FOR PATENT TERM ADJUSTMENT**

This is a decision responding to the "Application for Patent Term Adjustment-Pre-Grant" filed August 27, 2010. Applicants request the initial determination of patent term adjustment be corrected from four hundred seventy-seven (477) days to five hundred ninety-seven (597) days.

The application for patent term adjustment is **granted**.

The Office has updated the Office's PALM screen to reflect the correct patent term adjustment determination at the time of the mailing of the Notice of Allowance is 597 days. A copy of the updated PALM screen showing the correct determination is enclosed.

The Office mailed a Determination of Patent Term Adjustment under 35 U.S.C. 154(b) on July 7, 2010, advising Applicants of a patent term adjustment to date of 477 days. In response, Applicants timely filed this application for patent term adjustment with payment of the issue fee on August 27, 2010.

Applicants argue the correct patent term adjustment is 597 days, not 477 days, based on an assertion the Office should have entered a 562-day, not a 442-day, increase in patent term adjustment for Office delay in responding to a reply to a final Office action filed September 13, 2007.

Pursuant to 37 C.F.R. § 1.703(a)(3), the patent term adjustment includes:

The number of days, if any, in the period beginning on the day after the date that is four months after the date a reply in compliance with § 1.113(c) was filed and ending on the date of mailing of either an action under 35 U.S.C. 132, or a notice of allowance under 35 U.S.C. 151, whichever occurs first.

A reply to a final Office action was filed September 13, 2007. Office PALM records indicate the Office issued an Office action in response to the reply on March 30, 2009, four months and 442 days after the date the reply was filed. As a result, the Office entered a 442-day increase in patent term adjustment 37 C.F.R. § 1.703(a)(3).

Applicants contend the Office should have entered a 562-day, not a 442-day increase, in patent term adjustment under 37 C.F.R. § 1.703(a)(3) because an Office action was not actually mailed in response to the September 13, 2007 reply, until July 28, 2009, four months and 562 days after Applicants filed the reply.

A review of the record indicates the Office did not issue an Office action responding to the September 13, 2007 reply until July 28, 2009. Therefore, the Office should have entered a 562-day, not a 442-day, increase in patent term adjustment under 37 C.F.R. § 1.703(a)(3)

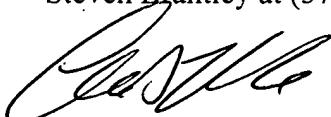

In view of the prior discussion, Office records have been changed to indicate the correct patent term adjustment as of the date the Office issued the Notice of Allowance is 597 days, which is the sum of 35 days of delay under 37 C.F.R. § 1.703(a)(1) and 562 days of delay under 37 C.F.R. § 1.703(a)(3).

Submission of the \$200.00 fee set forth in 37 C.F.R. § 1.18(e) is acknowledged. No additional fee is required.

Applicants are reminded any Office delays pursuant to 37 C.F.R. §§ 1.702(a)(4) and 1.702(b) and any applicant delays under 37 C.F.R. § 1.704(c)(10) will be calculated at the time of the issuance of the patent and Applicants will be notified of the revised patent term adjustment to be indicated on the patent in the Issue Notification letter that will mailed to Applicants approximately three weeks prior to issuance.

The Office of Data Management has been advised of this decision. This matter is being referred to the Office of Data Management for issuance of the patent.

Telephone inquiries specific to this decision should be directed to Senior Petitions Attorney Steven Brantley at (571) 272-3203.
